

## ATTIVO Duplex (Peacock 2 x SL-7020 Gilt Calibers) Operating Instructions

### Functions:

- |   |   |
|---|---|
| <ol style="list-style-type: none"> <li>1 Minute hand</li> <li>2 Hour hand</li> <li>3 Second hand</li> </ol> | <ol style="list-style-type: none"> <li>4 Winding crown <ul style="list-style-type: none"> <li>• A manual wind: unscrewed not pulled</li> <li>• Position B: time setting, hacking sec</li> </ul> </li> </ol> |
|---|---|

### Setting the Time:

To set the time, unscrewed the screw-down crown (4) pull out into position – B, and turn the crown counter-clockwise. At the “B” position, the hacking feature will have the second hand and movement stop completely for synchronizing the time, the watch will set back in motion by pressing the crown back to “A” position.

### Setting the Date:

#### IMPORTANT NOTICE:

Attivo-Duplex features two independent mechanical/automatic movements, offering the unique ability to set different time zones for each. Unlike a watch with a GMT movement, which allows adjustments only on an hourly basis, the dual-time functionality of the Attivo-Duplex provides greater flexibility without such constraints.

### Manual wind:

To manually wind the watch, unscrewed the screw-down crown (4), not pulled, in position – A, and turn the crown clockwise 15 ~ 20 times.

### Care and Maintenance:

We would advise you to clean your watch regularly using a soft cloth and lukewarm soapy water. After immersion in salty water, rinse it in fresh water and leave it to dry completely. Do not leave it anywhere subjected to high variations in temperature or humidity, direct sunlight or strong magnetic fields.
